

What is the Sports Premium?

The Primary PE and sport premium is aimed to support schools to provide pupils with an enriching curriculum that inspires more young people to get active, and enjoy the life changing benefits that come from play, sport and physical activity.

The Department for Education (DfE) states that the premium should be used to develop or add to the PE, physical activity and sport that your school provides, and build capacity and capability within the school to ensure that improvements made now are sustainable and will benefit pupils joining the school in future years.

You can read the full guidance on the [DfE website](#).

Why do we have the funding?

The funding allows our school to target our greatest challenges in relation to ensuring that all young people have the opportunity to live healthy and active lives.

Our improvements and objectives align with the five key indicators:

1. Engagement of all pupils in regular physical activity
2. The profile of PE and sport is raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport -
4. Broader experience of a range of sports and physical activities offered to all pupils -
5. Increased participation in competitive sport

Our long term vision of Physical Education, School Sport and Physical Activity (PESSPA)

In line with our school's vision for our children to live 'life in all its fullness', and by incorporating our school's values of hope; perseverance; wisdom; love; respect and faith, our long term vision of PESSPA is to ensure all of our children live and understand the importance of leading a healthy and active lifestyles. Our values resonate with many characteristics of demonstrating good sportsmanship - something we strive to teach all of our children. We want our children to experience competition and engage in sporting activities outside of the norm of our school's curriculum. We believe our children should become leaders of sport and physical activity and promote this through a comprehensive sports leadership programme. We want all children to be physically active for at least 30 minutes of
