ACADEMY

Project on a Page

What do you want to learn about?

Decide (on your own or with your family) something you would like to learn about. It can be anything from Rocket Ships to Racing Cars, Dalmations to Dentists, Famous Faces to Family Trees.

Create a presentation in a style of your choosing (drawings/pictures/recordings/writing) to show us everything you find out.

Share with your class teacher through google classroom or in person.

Oak National/BBC Bitesize

If you are able to access Oak National or BBC bitesize, access a subject that interests you and watch from the beginning of the unit. Remember to have a pencil and piece of paper handy.

Spellings

Spellings were given out last week. Practise them in a variety of ways.

Play hangman with a member of your family.

Create flash cards and play the memory game with them - turn them all over facing down, choose a card, read it, spell it out loud, place it back facing down and spell it again. If you spell it correctly, you keep the card. The person who has the most cards wins. Or challenge yourself to get them all right!

Play the triangle game - spell the word out letter by letter in the shape of a triangle, repeating the precious letters eg

S
Sh
Sha
Shap
Shape

Times tables and Number bonds

Yrs 3/4/5/6 - log in to Times table Rockstars and access the studio or garage areas

Yrs R/1/2 - practise your number bonds to 10/20/50 and 100

Number bonds and Times tables are sent home weekly - these will help you practise

PE

Take your bike for a ride.

Take your grown up for a walk.

Take part in a Joe Wicks session

Make up your own warm up to share with your class when you get back.
